

## 2015 Minor League Baseball Analyst

The first book of its kind to fully integrate sabermetrics and scouting, the 2015 Minor League Baseball Analyst provides a distinctive brand of analysis for more than 1,000 minor league baseball players. Features include scouting reports for all players, batter skills ratings, pitch repertoires, performance trends, major league equivalents, and expected major league debuts. A complete sabermetric glossary is also included. This one-of-a-kind reference is ideally suited for baseball analysts and those who play in fantasy leagues with farm systems.
