

## The Borgs of Summer (Short Story)

It is the 22nd century and robots and cyborgs do most jobs humans used to do, including entertainment. Sports teams fed up with high salaries, outrageous demands, and players legal problems began using cyborgs as an alternative till cyborgs became the norm. Until Tony Dominguez. Tony can play as good as any cyborg and the novelty of having a human compete at such a high level catches hold and grips the television based economy of the future. With Tonys team riding high into the playoffs can a human win on the biggest stage against the best cyborgs in the game?
