

The Ultimate Public Relations Cookbook

We were just like you. We had a growing business and hired a professional PR firm to promote our products. Not only did we throw away thousands of dollars, but we knew we could do it ourselves better and cheaper. So we spent hundreds of hours researching some of the biggest companies in print and television industries. Hint: This is a collection of their contact info. Now we promote our product over and over again. This is OUR SECRET WEAPON! Personal Emails & Cell Phone Numbers of the Gate Keepers!
