

The New A-List: Abstinence Makes the Heart Grow Fonder

Corporately-backed media has set up members of the Hollywood A-list as modern-day gods, molding everything from the values of society, to the sexual behaviors of an entire generation, and contributing to the erosion of the moral fiber of a nation. But a cultural shift is happening. A new army of A-listers, with the A representing abstinence, is arising and standing up for sexual purity, in a sex-crazed culture. In *The New A-list*, author Dianna Hobbs highlights and mobilizes a new crop of leaders, who are determined to lift the taboo off abstinence and virginity. Through research, biblical and practical principles, and personal stories, readers will discover how to effectively counter immoral culture, become positive change agents, and personally adopt a successful lifestyle of purity.
