

## A Night-Light for Bunny

Papa, said Bunny, I cant sleep. Theres too much at night. Papa Bunny picked up his bunny child and kissed her square on the nose. You need a night-light, he said. With Papas help, Bunny discovers that the night is with light: the moon, the stars, even a tiny glowworm. But all these lights are too bright or too twinkly or too small to be Bunnys night-light, until finally Mama comes up with the perfect solution. With lyrical words and beautiful, glowing scenes, Geoffrey Hayes creates a bedtime book as warm and comforting as the very best night-light.
