

## Green Pea Dip (Easy Reader Recipes) (Volume 7)

NOTE: This title is in BLACK AND WHITE to try to make the price cheaper. This book contains the recipe for a version of guacamole made from green peas. It is delicious and is much easier than guacamole made from avocados. It is also easily made vegan. The recipe is presented in both easy, photo-enhanced versions that people learning to read or who have problems reading can follow because of related photographs and simple language, as well as a version for people who don't. People who are learning English or who have disabilities limiting their reading may enjoy this title, as well as young English-speaking children. A mom uses this series with her middle school daughter, a new cook, and adults use the recipes for food they can make very quickly. These titles might also come in handy for bad weather days because I've tried to stay away from strange, expensive, or hard-to-find ingredients.
