

BEYOND NETWORKING™ is the first book authored by Ed Adamowicz after writing over 200 bi-monthly columns in the Careers section of the Sunday Lowell Sun (Massachusetts) newspaper. For over ten years Ed has taken his contrarian approach to the field of professional career/life coaching. The results speak for themselves. The Coach's clients have routinely found their next logical career opportunity in 1/3rd the time as those who choose traditional methods. It's a fact that 80% to 85% of all positions offered in this extremely challenging employment marketplace are not advertised. Follow the advice contained in the book and position yourself to score a meaningful and fulfilling career life in the hidden job market. For soon-to-be or recent College graduates, mid-career professionals considering a transition, the unemployed, underemployed and those returning to the workforce after time away, these strategies teach proven techniques of securing interviews and scoring offers. As a two-time cancer survivor, Ed is proud to donate a portion of the proceeds of this book to the V Foundation for Cancer Research. Founded in 1993 by ESPN and the late Jim Valvano, legendary NC State basketball Coach, the V Foundation has raised more than \$110 million and awarded hundreds of research grants in hopes that the disease that claims so many of our loved ones will devastate no more. As Jim Valvano proclaimed, "Don't Give Up...Don't Ever Give Up!" Ed's mission is to help change people's lives for the better and fight cancer!
