

The Vampire Cat: Bird Brained Fiasco

Tracey Wilson's life has not been the same since Omar escaped from his vampire community and adopted her as his protector. Now news has come through the Feline Underground Network that the vampires want Omar back--and fast! So far, Tracey has been able to outwit Norman--the vegetarian vampire who is trying to recapture Omar. But Tracey thinks she has come up with the perfect plan to outsmart Norman once and for all. There's just one teensy, tiny, little problem: Norman needs a human hostage to re-enter the vampire community. Tracey's plan had better work, otherwise she'll end up as a vampire cocktail!
