

BTEC First in Engineering Student Book (Level 2 BTEC First Engineering)

Resources designed to support learners of the new next generation BTEC First in Engineering specification*. * Covers three core units and a range of optional units. * Each unit of the Student Book is presented in topics to ensure the content is accessible and engaging for learners. * Covers of all the underpinning knowledge and understanding needed at level 2 to ensure that learners are fully prepared for this course. * Activities in each unit provide support and clear direction for learners and can be used in the classroom or for independent work. *New Assessment Zone guides learners through both internal and external assessment. *Assessment activities and grading tips will help learners to achieve their potential in internally assessed units. * From 2012, Pearsons BTEC First qualifications have been under re-development, so schools and colleges could be teaching the existing 2010 specification or the new next generation 2012-2013 specification. There are different Student Books to support each specification. If learners are unsure, they should check with their teacher or tutor.
