

Starchasers Reading Books Set 1

This is a new series of fast-paced, high-action, no gimmicks space adventures. The books follow the escapades of the Starchasers - a team of freelance space adventurers who will take on just about any mission that's legal and earns good money. Finn, Misha Hanson and Suma spend their days exploring the far reaches of the galaxy, trying to keep out of trouble and steer clear of the shady Murko and Doctor Rivet - but not often managing it. The exciting plots and entertaining characters ensure these are classic, simple and rewarding reads for reluctant and struggling readers. Supported by superb black and white illustrations throughout, each story is approximately 2600 words long with carefully controlled vocabulary and simple sentences that will help carry the reluctant reader from beginning to end. This pack contains all of the six reading books in set 1.
