

Cabala y Eros (Spanish Edition)

El eros y la sexualidad de los reinos humano y divino jugaron un papel fundamental en la literatura cabalística. este es un hecho evidente ya desde sus inicios que sera obvio en fases posteriores del misticismo judío. Sin embargo, el fundamento de estas discusiones fueron los desarrollos de algunos temas anteriores que habian sido elaborados durante el siglo XIII en las provincias españolas: primero en Cataluna y despues en Castilla. Especialmente en Castilla, en el libro del Zohar y en la pleyade de cabalistas activa en el siglo XIII tardío, estos dos temas, junto al papel mas activo de los elementos femeninos tanto en este mundo como en el superior, emergieron de una manera bastante espectacular. En estos escritos la sexualidad no es solo procreacion, sino tambien la induccion del hieros gamos superno entre las potencias divinas por medio de la actividad sexual humana. Por ultimo, aunque no por ello de menor importancia: despues de la expulsion de los judios de la peninsula Iberica, los cabalistas sefardies y otros pensadores como Leon Hebreo jugaron un importante papel en las discusiones sobre erotismo entre el publico cristiano y judío en el Renacimiento. Por todos estos motivos, doy la bienvenida a la edicion española de Cabala y Eros.
