

Including Alice (Alice (Prebound))

After four years of hoping, wishing, scheming, and waiting, the moment Alice has been yearning for has at long last arrived....Alices dad is finally marrying Sylvia Summers Alice always knew they were perfect for each other when she set them up back in seventh grade, but shes relieved that The Big Day is here. Shes never felt so excited, so vindicated, so grown-up, and so...well, so left out. Now that the wedding is really happening, no one has time for Alice anymore, and the situation just gets worse when Sylvia moves into their house. Nothing is the way Alice thought it would be. Her dad and Sylvia have their new life together; Lester has his new apartment; and Alice feels like shes on her own for the first time in her life. Shes also starting to notice that even though Dad and Sylvia are perfectly happy together, not everyone gets along so well. Elizabeth and Ross never see each other; Leslie and Lori are breaking up; Pamela and her mother cant seem to find a way to even talk to each other; and Alice herself has started to hear some surprising rumors about Patrick.... As Alice watches her friends sort out their problems and sees her dad and Sylvia navigate their new marriage, she starts to understand all the hard work that goes into relationships and how even when people seem to be meant for each other, its not always easy to be together.
