

Death of a Child: Craig Beck Hypnosis

The death of a child is one of the most traumatic events of life, one of those points of no return after which life can never be quite the same again. Many people are shocked by how completely overwhelming the experience of the death of a child can be. The grief and grieving process is powerful and can feel impossible to deal with. All self-limiting beliefs, phobias, and bad habits are simply bad programs buried in the subconscious area of the mind. Willpower is entirely ineffective in dealing with these issues because you are prevented from accessing the source of the problem. Craig Beck is a master hypnotist with 20 years of experience and is also a respected timeline therapist and NLP master practitioner. He understands what makes people tick and, more importantly, how to access and remove the erroneous programs that cause us problems every day. Designed to quickly help you reduce and remove the overpowering emotions of loss, use this powerful and proven hypnosis program to help deal with the grief of losing a child. Unique speed hypnosis technique for rapid results Easy to use on any device including smartphones Rapidly reduce painful symptoms of grief Develop a strong coping mechanism Replace your self-doubt with a new constructive habit
