

Mystery@ Lighthouse Point (Cliffhanger Adventure Series)

The Cliffhanger Adventure Mysteries. This first episode of the thirteen episode series focuses on the adventure filled world of the La Fond twins. Evan and his sister Taylor, age eleven, take their peers on a visual journey in the first half of the story which is told in the 45-minute video (closed-captioned for the hearing impaired). The video takes the viewer well into the story and leaves them at a cliffhanging moment! The exciting conclusion is given to them as part two turns the viewer into the reader of our 120+ page book! The child cannot resist his or her own curiosity to find out the ending. Each adventure is filmed in different parts of the world to allow children and their families to travel and solve the mysteries alongside the twins. Locations such as the Florida Everglades, Iceland, Tasmania, Africa, Holland and other parts of the beautiful USA, are featured as the environments for our adventures. The music of each episode reflects the spirit of the culture of the land we are visiting and is originally scored by Emmy Award winning composer, Bruce Zimmerman.
