

It seems everyone today is trying to be happier, healthier, more successful, and fulfilled. Yet studies indicate that an overwhelming majority of people still claim they are not living the lives they want. According to renowned spiritual medium and psychic Hans Christian King, the problem isn't that true fulfillment is impossible. People are simply looking for it in the wrong place. The secret to finding happiness, fulfillment, and your true life's purpose is to stop searching for them from outside sources and learn to tune in to and honor your own inner divinity. There, in that sacred, timeless place of spirit and love, you will find all your heart has longed for, because it already exists, and always has! In *Stop Searching and Start Living*, Hans gently guides you to a new, positive, spirit-centered way of living and perceiving. You'll discover how to: \*Reconnect with long-forgotten experiences of spirit and other-worldly encounters\* Unburden yourself of negative perceptions created in childhood \*Clearly recognize the divine design of your life\* Realize the simple secret to making your greatest dreams and wishes come true \*Embrace the immeasurable peace and clarity of the present moment\* Hans Christian King will show you how to uncover and begin fully being who you really are, instead of who you think you ought to be or who other people want you to be. You'll discover that happiness and freedom are matters of choice, not chance, and you'll be empowered with the tools, confidence, and deep inner confidence to make those choices, every day, in every moment of your life.
