

Fabulous Fishes

With a simple, rhyming text and brightly colored, richly textured illustrations, author-illustrator Susan Stockdale introduces young readers to different kinds of fish and the underwater world they call home. From the spiky lionfish and the brightly colored clownfish to lanternfishes and hatchetfishes that flash lights so they can find each other in the deepest, darkest parts of the ocean, children will be fascinated by the breadth of sea life depicted. An Afterword offers fascinating facts and an in-depth look at each fish.
