

## Best Sex Writing 2010

From breastfeeding to swingers to underage sexting, the thinnest condom ever and sex work to the thrill of voyeurism and the story of X-rated Tijuana bibles, Best Sex Writing 2010 covers the latest, hottest topics from the world of sex. Diana Joseph relives her slutty years while giving a moms perspective on her teenage sons description of girls in his yearbook, while Brian Alexander teaches us about sex surrogates, and Violet Blue offers a spirited defense of modern porn. The erotic elements of Twilight, adult sex ed, a visit to a BDSM porn set, the science behind penis size, a very special piece of ass, a cheating wife, and much more make it under the covers of Best Sex Writing 2010, culled from magazines, newspapers, blogs and websites by series editor Rachel Kramer Bussel.
