

Buzzy Bee Plays Hide and Seek

In Buzzy Bee Plays Hide and Seek, a little bee initiates a game of hide and seek. After counting to ten, he buzzes off to find his friends. One hides behind a straw hat, another in a pot of flowers, a third in a birdfeeder. Through innovative sound technology, kids can push a button in the corner of the book to bring the little bee to life with buzzing sounds and accompanying vibrations. These interactive elements help young children develop cognitively while enhancing the books entertainment value.
