

Heart on Fire: A Heart Like Jesus Christ

There is nothing extraordinary or special in this book. All that it contains are simple reflections of a simple country priest who prays the Sacred scriptures whose life is enriched by the people he serves and his own personal experience becomes an instrument of Gods presence in his life. Nothing extraordinary or special or provoking in this book except the only desire to share ones thirst and consuming desire to give ones all to God who loves him immensely and tenderly. That in all things God may be glorified.
