

From Hu to Saltalamacchia

In the fall of 1963, a boy appeared on the television program *I've Got a Secret*. This kid's secret was that he had memorized every line of his baseball card collection. After stumping the celebrity panel, crew-cutted host Gary Moore quizzed the lad by pulling cards out of a box at random and asking what did so-and-so do at such-and-such a place. Everything proceeded smoothly until Dick Howser's card came up. What did Dick Howser hit at Sioux City of the I.I.I. League in 1959? queried Moore. .278, came the instant retort. I'm sorry, that's wrong, replied Moore. It's .276. Let me see that! exclaimed the youth, grabbing the card out of Moore's hand as cleanly as Luis Aparicio swiping second base. Look, I am too right! he continued, while pointing to a tiny line of type with his index finger. I stand corrected, answered the congenial Moore with a chuckle. This obsessive-compulsive compilation is dedicated to that boy and Dick Howser wherever they might be. This book goes beyond baseball player nicknames. It's a book about nicknames and first and middle names and surnames. I have collected, mulled and culled from the ever-growing thousands of baseball names, names that also serve as nouns, verbs and other body parts of language thereby being transformed into a (somewhat twisted) language reference book. Don't feel daunted, this isn't a narrative and it's not carved in stone. Treat it as a visual flow and read between the names where you'll find river rocks of trivia whose intent is to inform or lighten your mood. This is a framework; by all means scrawl in your own nugget and additions.
