

## The Chilling Tale of Crescent Pond (Trophy Chapter Books)

Its a blast into the past! Crescent Pond has been closed ever since Alice Foster fell through the ice and died of pneumonia. One hundred years later, it is being reopened. Robert is psyched--he will finally have a place to play ice hockey! But people are being pushed right off the ice by a mysterious, unseen force. Is Alice haunting the pond? Or is it the ghost of Emily Jamison--the very girl accused of causing Alice's death long, long ago? The Black Cat Club must take a trip to the past to clear up this mystery. But will they be able to make it back to the present before Crescent Pond claims its next victim?
