

Pet Business Success

Who is this book for? This book is for you if you are involved in the Pet Industry. It is aimed specifically for people who: Supply retail clients direct either through A storefront Direct mail or Web interface Or you are a part of the Supply Chain that either through - Wholesale Manufacturing Or import Provide goods and/or services that eventually end up in the hands of pet or other animal owners. You have a business that supplies services to retail or business clients such as Grooming Dog walking Or even specialist medical services Whats going to be revealed in this book is a result of our combined 70 years worth of experience as business people and 30 years experience of online marketing. We will be covering both online and offline tried and tested methods of getting new customers and clients In addition we will show you how to deal with those clients in such a way that you have more sales, gain more profit and receive more loyalty from the people that you do business with. Whilst we will cover some of the latest ways of doing business through internet and electronic marketing - as well as much of offline marketing techniques, these will all be dealt within the light of faithful, true marketing principles that dont change. In fact these principles combined with the new channels of doing business that are available to us now - work together in such a way that they increase the effectiveness of those true principles in a most powerful way. The bottom line is that all the strategies that we look at will work for everybody who implements them - simply because they are based on time tested, rock solid strategies that we have been using both for ourselves and with our clients for many years. Needless to say none of the information and processes that you read about in this book will work if you just leave the book sitting on the shelf. The key to getting the most out of what we shall be showing you
