

Easter Bunnys Baby, The

On the day before Easter, the Easter Bunny finds a big surprise on his doorstep. How nice, he thinks. For once someone has given me an egg! But the Easter Bunnys delight soon turns to despair. The gigantic egg hatches, and out pops a baby ostrich who instantly decides that the Easter Bunny is her mother. I dont have time for a chick, complains the Easter Bunny. I have too much to do to get ready for Easter! Can anything be done about the Easter Bunnys baby, or will she ruin Easter for all the boys and girls?
