

Jedi Manual Basic - Introduction to Jedi Knighthood

Jediism is a spiritual path that developed from the works of George Lucas and his Star Wars saga. Today Jediism or the Jedi Realist movement is followed by thousands of people world-wide and is recognized as an official religion in Canada. Here is where Eastern philosophy intersects with metaphysics, psychology, and Judeo-Christian teachings. Jedi Manual Basic introduces the requirements for becoming a Jedi Knight. You will be given some examples of how others having accomplished this and what it means to be a knight. There are assigned projects that can be considered basic tests along your path to becoming a Jedi Knight with the goal of ultimately becoming a master. The book also covers Jedi philosophy, religious aspects, and hands on techniques that Jedi Knights can use. In this regard, the book acts as a pointer to other resources available for further investigation and work. Coming this winter: Jedi Manual Intermediate - The Path of Truth. From, Jedi Manual Intermediate - The Path of Truth In, Jedi Manual Basic, I also cover some Jedi philosophy, religious aspects, and hands-on techniques that Jedi Knights can use. An important element of the first book is the identification of the twelve paths of the Jedi Knight. In, Jedi Manual Intermediate, The Path of Truth, I focus our study. If Basic, is a summary of the many aspects, Intermediate, is a focus on the essential. Contents 1. Why be a Jedi? What stops me? 2. The Struggle with Dark Forces 3. Honesty - The Spark of Light 4.
