

## The Kingdom Keepers II: Disney at Dawn

Its supposed to be a happy day at the Magic Kingdom - the teenage holographic hosts have returned. But things go very wrong when a sudden lightning storm disrupts the celebration, and Amandas mysterious sister, Jez, disappears. The only clue is the sighting of a wild monkey in the Magic Kingdom during the storm. The mystery deepens as Finn is contacted by Wayne, an old man he hasnt heard from in months. Wayne tells Finn that theres trouble at the Animal Kingdom: the evil Overtakers have gained control of one of the computer servers that will be used to operate Daylight Holographic Imaging there. That means if any of the holographic hosts fall asleep, they will go into comas - permanently. Filled with action and brimming with the same meticulous detail as The Kingdom Keepers: Disney after Dark, this second audiobook in the series - Disney at Dawn - is the result of hands-on research behind the scenes at Disneys Animal Kingdom Park. Younger and older listeners alike will get a glimpse into a second Disney kingdom. The wild rides have only just begun, and the clock is ticking. How long can the teens keep themselves awake in their quest to find their friend - and what happens if they fail?
