

The Travel Adventures of Pj Mouse: In a Small Corner of England

PJ Mouse, an adorable little stuffed animal, was lost and alone until young Emily heard his cries for help. Now, along with his new family, PJ gets to travel the world - discovering exciting new places, people, and animals along the way. Come join PJ on this, his third adventure, in jolly olde England as he, his new pal Star Bear, Emily and the family visit their cousins. Discover why PJ finds simple things like bike rides and car rides a little too entertaining all of a sudden, why his stuffing might explode when talking to a local hedgehog, and if the 500 year old buildings do indeed bury him in rubble. And don't forget about Star Bear....when the lady asks for his autograph, does it mean he has finally found one of his fans? Come explore England with me! From PJ Mouse
