

Animal Snuggles: Puppy

Cuddle up and snuggle up, sweet baby...Little animals like lots of love--and so do their mommies and daddies! And these endearing stories end with hugs and kisses both on the page and off... between parents and their own toddlers! As a special, cuddly extra, these charmingly illustrated board books are covered in the softest, fuzziest, most appealing plush. Puppy has something his mama needs--what can it be? His bowl, bed, or ball? Oh no, not at all! Mommys looking for something better: a kiss and a cuddle full of puppy love.
