

Magickal Protection: A Guide to Shielding, Banishing Spells, and Other Types of Magickal Self Defense (The Ultimate Short Guide to Magick Series Book 2)

When dealing with the powers of magick, it is imperative that practitioners learn how to defend themselves from malicious forces. This short work provides the foundation for all varieties of magickal protection, delivered in a simple and easy to understand manner. This book will present the student with many different spells and practices designed to defend against everything from direct magickal attacks to the presence of malevolent astral beings. Instructions for shielding, banishment spells, binding spells, counteroffensive magick, and the creation of many types of defensive charms and objects are given, along with several advanced concepts that the practitioner may put to good use in further developing his or her abilities with defensive magick.
