

Miniature Horses (Horsing Around)

Did you know that there is a big difference between a pony and a miniature horse? Readers will learn all about these differences as well as just what makes these diminutive horses so special. Detailed photographs show the many unique features of miniature horses and how they compare to their larger relatives. These horses have been used in mines, as show horses, and even as guides for the blind. Readers will also learn why miniature horses make great pets and how to care for them.
