

## Monkeys, monkeys and more monkeys (and some gorillas too!): Changos, changos y mas changos (?y algunos gorilas tambien! (Spanish Edition)

Changos, changos y mas changos (?y algunos gorilas tambien!) es un libro de rimas en español y en inglés con ambientación en las junglas y otros lugares en donde los monos/changos viven, comen, duermen, juegan y hacen de las suyas. En este libro -aparte de disfrutar de divertidas rimas en los dos idiomas, los niños aprenderán acerca de diferentes tipos de monos, donde viven, que hacen y que comen. Se recomienda su uso para niños en educación bilingüe desde tercero hasta quinto grado. Los niños más pequeños pueden disfrutar de las imágenes pero tal vez necesitarán de más apoyo con el vocabulario, especialmente en la última sección que incluye los datos de los distintos monos. Monkeys, monkeys and more monkeys (and some gorillas too!) is a bilingual book with rhymes in English and Spanish using the jungle and several other places as the settings where monkeys live, eat, sleep, play and sometimes, make mischief. In this book besides enjoying funny rhymes in both languages, children will learn about the different types of monkeys there are, the places where they live, what they do and what they eat. The book is recommended for bilingual education, from third to fifth grade. Younger children might enjoy the illustrations but will need support with the vocabulary, especially in the last section that has all the information about the different monkeys.
