

With a Dog Like That, a Kid Like Me

When is a dog not just a dog? When hes a kangaroo excitedly bounding out the door to go for a walk. Or when hes a growling lion standing guard at the gate. Or when hes a hungry crocodile crouching low to the ground to stalk dinnertable crumbs. One pet golden retriever turns into every animal under the sun in his young owners delightful imagination. A charming look at dogs, kids, and the magical combination they form. Illustrated by Ted Rand. This fanciful book will captivate children. (School Library)
