

## Mind And Madness Of a Modern Day Magus

Pendark is the alter-ego of Richard M. Bateman. He is a mad, eccentric magician, story-teller, fortune-teller, character actor, and special effects makeup artist. He is also a father, a husband, a brother, a son, lover, and friend. He has begun to become known as an adviser and advice giver. This is a collection of his strange, humorous, insightful, and sometimes maddening ideas on life, love, sex, politics, social issues, magic, and philosophy. The idea behind this collection of thoughts is not to get you to think like he does, but to get you to think for yourself.
