

India: Discover Series Picture Book for Children (Kindle Kids Library)

If you'd like to spend a little more time with the animals from Rudyard Kipling's *The Jungle Book*, *INDIA* from Xist Publishing's Discover Series is a great place to start. African animals may get the glory, but in this Discover Series photo book, you'll find more than 25 delightful animals from India. Designed to promote interaction with children, *INDIA* features one brilliantly photographed animal on each page with the species name beneath. Babies and toddlers will love the bright colored animals and older children will enjoy learning the proper terms for baby animals from around the world. Like other titles in the Kindle Kids Library from Xist Publishing, *INDIA* has been formatted to take advantage of the Kindle, Kindle Fire and Kindle apps for phones, tablets and computers.
