

## Las Mascotas Son Geniales! / Pets Are Awesome! Set (Spanish Edition)

Most children have a natural fascination with animals. They sometimes grow close to pets even before they meet their first friends. Readers will become familiar with dogs, cats, turtles, hamsters, and other pets through photographs and captions that introduce the relationship between humans and domestic animals that we cherish throughout our lives. Concepts such as responsibility, affection, care, and companionship are demonstrated in very clear, short sentences in both English and standard Latin American Spanish. Students explore the lives of the animals they might encounter on a daily basis, developing a real sense of the diversity of life.
