

Abroad

From an 1882 advertisement in *The Publishers Weekly*: We have the pleasure in announcing that a superb new holiday volume for young people, entitled *ABROAD*, is now ready. The decorations are by our well-known artist, Thos. Crane, and the illustrations by Ellen E. Houghton. It is far in advance of anything heretofore produced in Color Printing for Children. * * * * *Abroad* far surpasses its companion both in Decoration and Illustration. Each page being a study in itself. The quaint little English Children are in this Book represented on a tour of pleasure through France. Those who have been *Abroad* cannot fail to recognize the beautifully executed drawings of places of interest. The appropriate verses accompanying each illustration make this work a handsome memento and Holiday Gift. Decorated by Thos. Crane. Full-Color Illustrations by Ellen Houghton. *The American Stationer*, Volume 12
