

## Sammy Keyes and the Art of Deception with CD (Audio)

The most winning junior detective ever in teen lit. (Take that, Nancy Drew!) Midwest Childrens Book Review The artsy crowd thinks Sammy Keyes has a lot of nerve showing up at a fancy reception in high-tops. But when she tackles a robber whos brandishing a gun with one hand and pulling paintings from the wall with the other, theyre glad she has nerve. Or are they? Sammy may have stopped one criminal, but the real crime at this show has yet to be discovered. The real crime is more subtle, more artful, than anything Sammys ever seen. Who knew art could be so dangerous? The Sammy Keyes mysteries are fast-paced, funny, thoroughly modern, and true whodunits. Each mystery is exciting and dramatic, but its the drama in Sammys personal life that keeps readers coming back to see what happens next with her love interest Casey, her soap-star mother, and her mysterious father.
