

WordPress SEO & Websites: Step by Step Guide to Building WordPress Websites and Improving SEO: WordPress SEO: WordPress Websites: WordPress Websites and ... Engine Optimization, Blogging Book 1)

WordPress Websites and Seo Box Set Complete Step by Step Guide on WordPress Websites and How to Optimize Them for Exposure SEO is a hot topic right now, but it is certainly nothing new. People have been trying to devise methods for tricking the search engines, ever since they were first made. It used to be a lot easier, with many websites rocketing to the top of search engine results pages (SERPs), leaving more honest webmasters behind. This meant that there was plenty of garbage content floating around, and it was difficult for users to find what they really needed. WordPress is a CMS (content management system) for creating websites and blogs. It allows people to easily create webpages, without needing to know anything about HTML or coding. Since these types of systems first came along, it has been simple for people to make their own websites. WordPress is such a powerful system, that many professional companies choose to use it for their own websites. This book will tell you everything that you need to know, in order to get started with your own WordPress website or blog. Here Is A Preview Of What Youll Learn...
