

## Spot Visits His Grandparents

Spot is spending a fun-filled day with his grandparents. First he'll have one of Grandma's cookies, then it's time to do some gardening with Grandpa. Helping out is lots of fun, especially when Spot finds a hidden surprise under the vegetables! And there's still time to read a story before Mom comes to take Spot home. Eric Hill's bold, colorful artwork and simple text have made Spot one of the most beloved children's characters of all time. Spot is one of the essential experiences of childhood. --Parents Magazine\* A Lift-the-Flap Book\* Full-color illustrations\* 20 pages\* Ages 2-6
