

Stories of Young Pioneers: In Their Own Words

In *Stories of Young Pioneers: In Their Own Words*, Violet Kimball has collected memoirs, letters, and journal entries of children who were between ages six and nineteen when they made the overland journey. The book is organized by topic -- including romance; animals; fun and recreation; danger, disease, and death -- and peppered with detailed profiles of individual youngsters. Feel the mixed emotions of thirteen-year-old Kate Scott as she and her family leave the comforts of their home. Sit in the drivers seat with thirteen-year-old teamster John Stoughton as he drives his oxen across rocks, water, sand, and icy mountain passes. Unwind after a long, arduous day by joining in a hand of cards or, better yet, a night of music and dancing. Young historians will find *Stories of Young Pioneers* not only exciting reading but also a thorough and well-researched tool to learn about life on the Oregon, California, and Mormon Trails.
