

Tease

Emma Putnam is dead, and its all Sara Whartons fault. At least, thats what everyone seems to think. Sara, along with her best friend and three other classmates, has been criminally charged for the bullying and harassment that led to Emmas shocking suicide. Now Sara is the one whos ostracized, already guilty according to her peers, the community, and the media. During the summer before her senior year, in between meetings with lawyers and a court-recommended therapist, Sara is forced to reflect on the events that brought her to this moment - and ultimately consider her role in an undeniable tragedy. And shell have to find a way to move forward, even when it feels like her own life is over. In this powerful debut novel inspired by real-life events, Amanda Maciel weaves a narrative of high school life as complex and heartbreaking as it is familiar: a story of everyday jealousies and resentments, misunderstandings and desires. Tease is a thought-provoking must-hear that will haunt listeners long after they hit stop.
