

The Berenstain Bears Get the Screamies

At the mall, Brother and Sister see something that makes them want to scream. Mama Bear agrees to let the kids come to the shopping mall with her, as long as they promise to behave themselves. There will be no yelling, jumping, or rolling on the floor even if they go near the toy store. The little bears agree. They will not get the screaming screamies. The children are quiet at the yarn shop. They are sweet and polite at the hardware store. Even at Bed & Bath, they keep mum. But when Mama accidentally takes them past the toy store, the screaming screamies strike! However, Brother and Sister are about to learn something surprising: Mama Bears can scream too. This is a fixed-format ebook, which preserves the design and layout of the original print book.
