

The Book of Touch & Aroma: Sensual Ways With Massage and Aromatherapy

We rush to and from work, live in concrete cities, and get stuck in traffic jams, causing many of us to lose connection with our senses. Often the closest we get to the sense of aroma is in the synthetic perfume we wear, and touch in something we are frequently trying to avoid in buses and crowded elevators--its no wonder many of us forget to use these powerful senses! This beautifully illustrated book is filled with simple techniques to bring out our sense of touch and aroma.
