

Elwood and the Witch

When Elwood finds the old broom leaning against the tree trunk, he thinks it will do nicely to sweep his front step. It never occurs to him that it will take him on a breathtaking ride--up, down, left, and right--or that the witch, who is the brooms owner, will do everything in her power to unseat him. Elwood wants to get rid of the broom as much as the witch wants it back, and this rollicking story of enchantment will have listeners holding tight to their seats as they follow Elwoods adventures.
