

# The Global Technology Revolution China, In-Depth Analyses: Emerging Technology Opportunities for the Tianjin Binhai New Area (TBNA) and the Tianjin ... Rand: Transportation, Space, and Technology)

Chinas Tianjin Binhai New Area and the Tianjin Economic-Technological Development Area commissioned a technology-foresight study to help them plan for economic growth. The authors recommend seven emerging technology applications (TAs) solar energy, mobile communications, rapid bioassays, new water-purification systems, molecular-scale drugs, electric and hybrid vehicles, and green manufacturing
