

Luke: Slave & Physician (Intrepid Men of God) (Volume 3)

Luke is a part of the spoils of war after the famous Roman Battle of Baduhenna Wood of AD 28. With no sight of Lukes Nordic warrior father, Most Excellent Theophilus, knighted Roman tribune, takes Luke as his slave to be trained as his scribe and private physician. As Theophilus is transferred to fortresses throughout Germanica, Luke sings his fathers haunting song, hoping to find him some day. Along the way, he is betrothed to the beautiful Rashah. With Theophilus finally going into semi-retirement in Berea, Luke gains permission to climb nearby Mount Olympus to talk to the gods. His anger grows hot when he realizes they are not there and may not even exist. Soon after, Luke goes to Troas and meets the Apostle Paul. Now as a Christian and having been given his freedom, he spends the next decade traveling with Paul and treating his many injuries. Theophilus becomes a Christian, and Luke promises to write for him an accurate accounting of Jesus life. Upon Pauls death, Luke sets out to find and interview eye witnesses to Jesus miracles and teachings, and Jesus apostles, now scattered around the world. Come read of Luke and what might have been.
