

The Law of Undulation: Contemporary Earth Culture and Its Future

This is an introductory book to help become aware of the true structure of nature. The author, Ikuro Adachi, intuitively received this information from the Universe and reports it scientifically, precisely and concretely. It was originally published in the 90s in Japan when the Hado (vibration) became very popular and it has since stimulated many readers. It sends out a message from the Universe for all people who live in the new century.
