

The Top 10 SEO Secrets every Web-Author needs to know

Today the web is a complicated monster billions of independent webpages use all sorts of different web technology and certain global players such as Google, Facebook, Youtube, Yahoo, Baidu, Amazon, etc. amount for the vast majority of the global web traffic. This complex structure of the web opens the field for a lot of SEO consultants that make a living from analyzing web pages of their clients and optimizing them for search engines. However, these consultants (and trust me I am one of them) are no magicians. No one can just ring up Google and say: Hey can you list my page on your page No. 1? This book reveals the 10 most important secrets of every SEO consultant which can be applied by everybody NOW. By this mind-blowing book and get your site top ranked in no time!
