

GENRE: Children's Adventure (An Unofficial Minecraft Book for Kids Ages 9 - 12 (Preteen)

Wolves are known as loyal creatures in the world of Minecraft. They live in wolf packs, and will do anything to protect their group. But what most players don't know is that wolves have many stories to tell as well. Boris is a brave wolf who lives a peaceful life in this blocky world along with his wife and two cubs, doing his best to protect his family and to provide for them. But his normal life is about to change when Boris witnesses a bright light coming from the woods during a rainy day, and decides to investigate the area. To his surprise, Boris finds a strange creature living inside a wooden box, with a wolf as its pet. This two-legged creature is capable of creating items out of thin air and can remove and place blocks anywhere. Now, Boris must find out what the creature is doing there, and why the wolf is living with it and behaving like his guard. Read Boris' diary and discover what is going to happen next in his epic adventure through the world of Minecraft.
