

THE WORKING OF THE PLANET Year 2 Book 1: Workshop 66 and Applications (Year 2: The Knowledge Seeker Workshops)

This is Book One of the Second set of Keshe workshop books published by Kf New Zealand. The first set of books basically covered the first year of Knowledge Seeker workshops and was the sole work of Cornelius van Dorp, from transcribing to editing to kindle publishing, first of all as a way of understanding the teachings, secondly to share them with anybody interested, and thirdly by putting the minimum price set by kindle to try and generate some funds and energy for the Kf New Zealand. The first set of 7 books, reflecting the Kf logo of the time, tracked the mysterious timing of the beginning of the Knowledge Seeker Workshops under the first of the 4 blood moon eclipses shortly before Naw Ruz (Persian New Year) of 2014 to MKs announcement at the Vatican under the summer solstice in Rome that he was the Messiah! This was further deepened in Book 6 THE THIRD BLOOD MOON ECLIPSE with a visit to another 21st century genius Dan Winter, to get his take on what it means The Messiah in its bloodline connections, before we actually drove to the South of Italy and met Mr. Keshe and Carolina and Rubeen. This second set of books carry the transcriptions of cj who with a concerted effort over several months delivered word for word transcriptions of workshops 66 to 77, delivered in the period from June through to September 2015, starting at LUM University near Bari, and moving half way through this period to the new SSI building in Barletta. These transcripts were delivered to me , Ships Doctor KfNZ at your service, which I have now managed to stitch into 7 more little books, reflecting the teachings of the Second Year under the 4th Blood Moon Eclipse, culminating on October 16th in his giveaway of Magrav Power Devices for House and Car to any of the Worlds Nations Ambassadors who might turn up, (which Mrs Anah Angelean and I observed were just a handful and

mostly from Africa.) Knowledge Seeker Workshop 66 is an initiation and introduction to the beautiful being that we have come to think of as our home, as MK said, an introduction to THE WORKING OF THE PLANET, our spaceship, Mother Earth, Gaia, Papatuanuku, and all the other names of the Earth Goddess and the beautiful beings she is made of from the sky beings above our heads, the sylph clouds, down to the organic life forms of the oil, the lava and volcanos {in Maori mythological lore Ruau Moko The Unborn Child, and Hawaiian Pele the Volcanic female energy of the Great Mountain of Hawaii}
