

## Let Me Tell You About My Chickens-Volume 2

Author Shantala Kay Russell became fowl-inspired by the antics of her 100 free range chickens (little dinosaurs) on her small farm in Tryon, North Carolina. She enjoys chickens from the incubator hatching of baby chicks to the laying of eggs. She once timed a baby chick hatching to take place on her four-year-old grandsons birthday. She believes that laughter is good for everyone and thus these chicken short stories were born. Let Me Tell You About My Chickens-Volume 2, tells entertaining stories about chickens, a pig, a dog, and a duck. Read this book and learn, how a rooster can predict the weather and some chicken superstitions. Let Me Tell You About my Chickens-Volume 2 is simple enough for grammar school kids and complex enough for adults. Readers age 7 to age 107 will enjoy this book. Cluck! Cluck!
